GONDRAND™
GLOBAL TRANSPORTS & LOGISTICS | ATEGE GmbH

Personally worldwide.

Wherever your goods are destined:
the fastest route is via Gondrand ATEGE.

We have been forwarding goods around the world for our clients since 1872. From the outset we focused on international business trends. Although much has also changed within our company over the years, one thing remains the same: our willingness to address the special needs of our clients and our ability to turn their needs into future-proof solutions and products. Our corporate values – individuality, personal commitment and responsibility – remain firmly established in our mission statement. Global thinking and an international approach are a matter of course for us. We look forward to the challenges you place before us.

Why we are the right choice.

Identifying tomorrow‘s needs today and developing the appropriate solutions – this is what is required of ATEGE as a full-service provider. To live up to this challenge we need not only a complete range of transport and logistics services but also professional employees who are highly motivated, state-of-the-art technology and optimized processes. Our actions centre around high customer satisfaction, continuous improvement to our service, development of our staff and the careful use of natural resources. Our competitive and easily accessible structure means we are close to our customers and their business.

Logistics is one of the core competencies of Gondrand ATEGE. We control the processes from incoming goods through stock-picking and packaging to the dispatch of finished products.

Our services.

Road transport

Defined departure days and delivery times guarantee optimum preconditions for Europe wide distribution and sourcing. We ensure national and international distribution of your goods in small consignments as well as part and full truckloads.

Air freight

Thanks to our intercontinental network we can offer our clients an extensive range of door-to-door services. We provide rapid availability, security and end-to-end checks of your consignments.

Sea freight

Make use of optimum loading options worldwide. We will handle the material management and consignment tracking and will arrange the best transit times – all with the support of our partner network and agreements with key shipping companies.

Logistics

As an innovative service provider, logistics challenges of all kinds are a matter of course for us. We plan and implement logistics processes and concepts so that your supply chain functions smoothly.

We have been a partner of major airlines for decades.

The availability of up-to-date information along the supply chain is one of the key requirements to be met by a logistics service provider.

Project forwarding

Many years of experience, vast know-how and personal commitment are essential for mastering the complexity of global plant and industrial equipment transports.
A professional team is on hand to draw up plans in line with your individual needs.

Fair logistics

Over 50 years of experience at the world's major trade fairs give you the security of knowing that everything – from setting up the stand through customs clearance to storing empty containers – will be done for you to ensure a successful trade fair.

Customs

Organizing customs clearance or applying for licences via our experienced customs specialists at ports and terminals guarantees that your goods are always on the move.
